

# Zenius Corporation

## OUR COMPANY

Zenius Corporation (Zenius) is a **HUBZone-certified, Minority-owned, Small Disadvantaged Business (SDB)** located in Leesburg, VA. Founded in 2015, we specialize in **Grants Management** solutions and consulting support. In addition, we perform IT Assessments and Optimization services to support an organization's **IT Modernization** goals. Finally, we offer approaches and assessments to improve the **Financial Management** functions. We support our Domain Expertise with capabilities in Strategic Planning, Digital Transformation, PMO support, and Application Portfolio Rationalization.

## OUR MISSION

Our mission is to help our clients transform their visions into practical and innovative solutions that improve their operations. We strive to be the consulting and systems integration **partner of choice** for Federal Civilian and Defense customers. Zenius provides a complete portfolio of services necessary to design, develop, and implement business improvement solutions to help our customers add value to their enterprises.

## THE ZENIUS ADVANTAGE

### Grants Management

Our Grants Management expertise comprises a unique blend of functional and technical capabilities. We implement center-of-excellence Grants Management Platforms and Systems, aligned with each client's mission and compliant with current legislation.

### IT Modernization

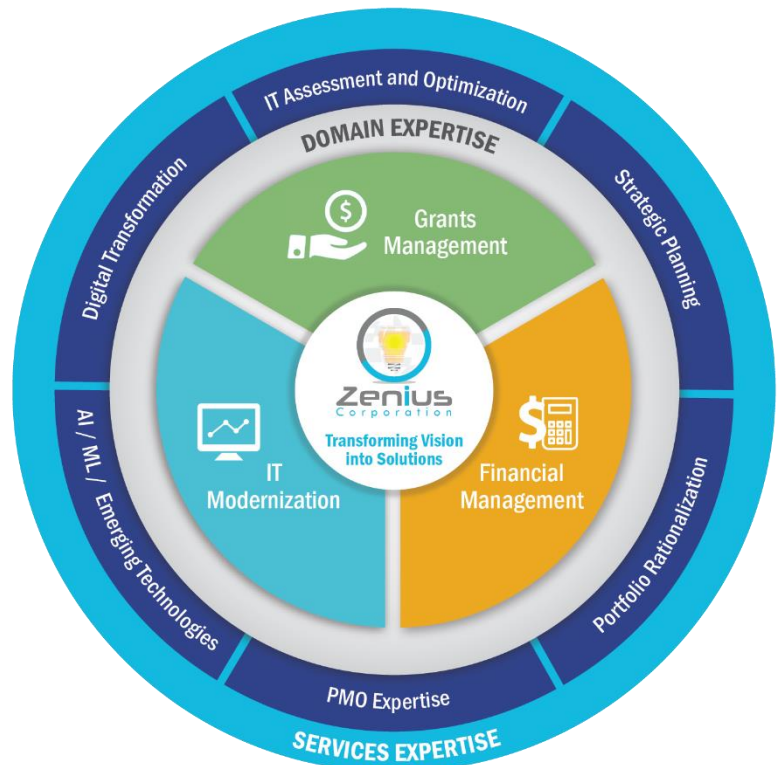

We have developed a robust methodology to assess an agency's "As-Is" environment and apply industry best practices to determine the "To-Be" state. We build the Roadmap for modernizing our client's IT Ecosystem and lead the required implementation services.

### Financial Management

We assist agencies in implementing and improving their Financial Management systems by applying rigor, discipline, and expertise honed over the years by serving our clients.
